
SiN-EV meeting:
Improving rigour and standardisation of extracellular vesicle clinical studies

Date: Thursday, 10th of December 2020 (14.00-18.00)

Location: virtual meeting on Webex

Meeting program:

- 14.00 – 14.10 Opening address
Metka Lenassi, University of Ljubljana, Faculty of Medicine, Slovenia
- 14.10 – 14.40 Messages from tissue: what brain extracellular vesicles can tell us about neurodegenerative disease
Kenneth W. Witwer, Johns Hopkins University, USA
- 14.40 – 15.10 Nanovesicles from edible plants as natural carriers of bioactive substances
Gabriella Pocsfalvi, Institute of Biosciences and Bioresources, Italy
- 15.10 – 15.40 Position statement of the ISEV Urine Task Force on the use of urinary EVs as prostate cancer biomarkers
Alicia Llorente, Oslo University Hospital, Norway
Elena S. Martens-Uzunova, Erasmus Medical Centre, Netherlands
- 15.40 – 16.10 Extracellular vesicles in body fluids: From technological considerations towards biomarker discovery
An Hendrix, Ghent University, Belgium
- 16.10 – 16.30 *Break*
- 16.30 – 18.00 EV-TRACK workshop: transparent reporting and centralizing knowledge in extracellular vesicle research
Trainers: Quentin Roux and Sarah Deville
An Hendrix, Ghent University, Belgium
-
