PAEDIATRICS (clinical practice only)

GYNECOLOGY AND OBSTETRICS (clinical practice only)

GYNECOLOGY AND OBSTETRICS 5th year course

PEDIATRICS I (5th year course) and PEDIATRICS II (6th year course with CR)  
PRIMARY HEALTH CARE (Course)

\* Students are required to take minimum 3 weeks at each specific clinical department/rotation and maximum 2 clinical departments/rotations. Certain clinical departments are not possible within certain weeks. Please see the document Available places in Surgery.

\*\* Students have to do at least 2 weeks at a certain clinical department/rotation. Clinica rotations in Pulmonology are organised outside Ljubljana but with provided accommodation.

\*\*\* Clinical rotations are available only for those students, who have already completed the theoretical part of the subject and passed the exam (that should be evident from the Transcript of Records).
