```

#### How to overcome the differences?

- Transfer of resourses, knowledge, people
- International cooperation
- Mobility programmes

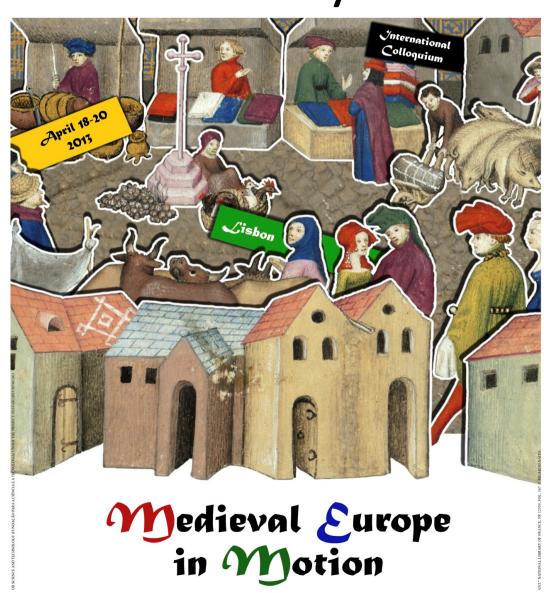

#### More mobility...

Mobility levels have increased by 25% over the last decade and we predict a further 50% growth

### Future is back to history

- Universities independent from political authorities
- Jus ubique docendi
  - Mobility of
    - students
    - teachers
    - ideas (printing)
- Common language
- Scientific Societies
- Common rules for diplomation
- Mutual confidence

#### Back to future - EU

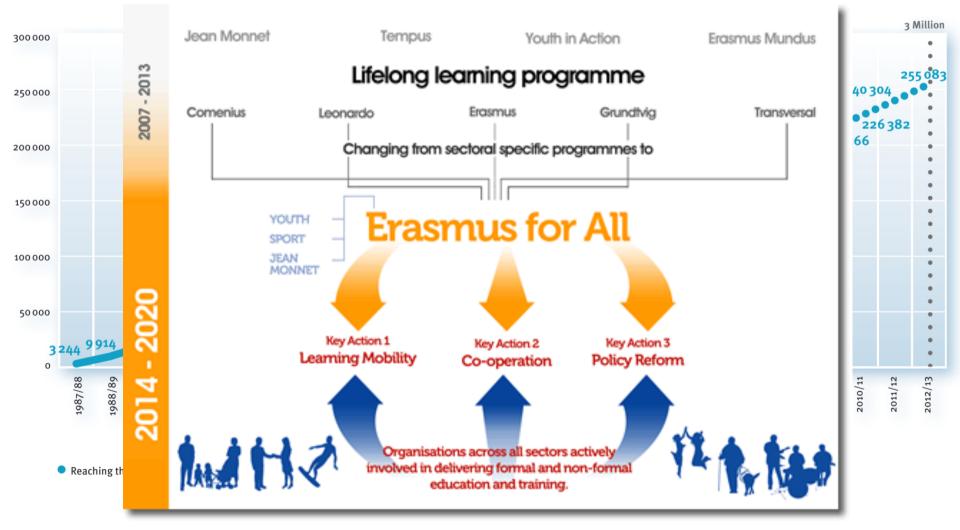

- Mobility of goods
- Mobility of citizens
- Mobility of wealth
- Mobility of students and academics

### Reaching the goal - Erasmus

#### Progress to achieving the 3 million student mobility target

ECTS, Internationalisation of higher education, study and diploma recognition

#### Benefits and values

- Inter-exchange of knowledge
- Inter-exchange of different practices
- Get to know and understand different cultures
- Improved competences and language skills
- Networking, new form of cooperation
- Better opportunities for the future work
- Personal growth and selfconfidence
- New and improved services, methods of learning and teaching

# Internationalisation/Mobility and Faculty of Medicine UL

- Network of reliable and trustful partners
- Member of specific networks
- Active participation in international and mobility programmes
- Openness and flexibility in providing programmes for students and academics
- Language barriers
- European research projects & networks (FP7, COST)
- Efficient central International Office

79 UNIVERSITIES in 24 COUNTRIES

Full membership in 'ECTS-MA''
and participates in MEDINE II

Constitutive member of "NPHC"
