

Medical University of Graz

PhD positions

Projects starting March 1, 2021

Application deadline: October 10, 2020

The Medical University of Graz, the Ludwig Boltzmann Institute Lung Vascular Research and the Austrian Science Fund (FWF) offer PhD positions in the international PhD program Molecular Medicine (MolMed).

The PhD studies provide an in-depth, multidisciplinary training in biomedical research in a stimulating international environment. The thesis projects focus on aspects of metabolic and cardiovascular diseases, cancer, lipids and metabolism as novel therapeutic targets and diagnostic methods, and integrate basic research and clinically-oriented sciences utilizing a wide spectrum of state-of-the-art techniques.

POSITIONS

Selected PhD students get employed for up to 3 years (initial contract for one year with the option of prolongation upon successful performance) with a contract that includes social benefits.

WHO CAN APPLY

Applicants must hold (or be close to obtaining) an undergraduate degree equivalent to a Master in any discipline of natural or life sciences or medicine. The selection procedure, all training activities and communications will be in English. Thus, excellent written and spoken English skills are required.

HOW TO APPLY

Applications are exclusively accepted through the online platform [mug.glowbase.com](https://www.mug.glowbase.com). Please refrain from contacting the supervisors and do not send any documents by regular mail or e-mail unless you are explicitly asked to do so by our staff. There is no application fee.

For further information about the programs, open projects and the online application procedure, please see:
